We Are Pilgrims

Richard Gillard

We are pilgrims on a journey,
fellow travellers on the road;
we are here to help each other
walk the mile and bear the load.

I will weep when you are weeping,
when you laugh I'll laugh with you;
I will share your joy and sorrow,
till we've seen this journey through.

Blessings as you journey.

Fifty and Beyond News

The Langruth Seniors held their monthly business meeting on August 9th, due to the holiday at the beginning of August. Six members were present. Harry greeted everyone and started the meeting.

In the Cheer Report, Rena sent out a number of birthday cards and a sympathy card. She also sent a plant to Liz Johnson who is in the hospital with a broken arm.

With our correspondence a note from the Alzheimer's Society was passed around. We also had received a card from Velma Vereb thanking us for the gifts she received when she was here in the spring. She is enjoying her new home in Saskatoon.

Ann reported that she had spoken with Bobbie Czeranko regarding the upcoming Harvest Festival. There will be various vendors selling their goods, similar to the craft sale we used to have here in town. The seniors have decided to have a small rainbow auction and sell some other items that we have on hand. The proceeds from the table space rental will go towards the Langruth Skating Rink. The proceeds from our table will go towards the Seniors Club.

On behalf of the Seniors Club, Harry offered goodbyes to Julia Kelemen as she was preparing to move to MacGregor to an assisted living home. Julia was one of our long-time members and will be missed. She was also presented with a going away gift as we do with anyone that has moved away.

Our Monthly Suppers will get going again in September. The menu will be discussed at our September meeting, which will be held on Thursday, September 8th.

Until we talk again,
Teri.

Welcome Corner!

Please call Phyllis at 204-445-2323 or email her at thordarsonhealth@gmail.com if you know of anyone new moving into our community so they can be warmly welcomed.

Nature Notes

Submitted by Raymond O'Connor

Common Yellowthroat

One of the most numerous and widespread warblers usually stays close to the ground, concealed in vegetation. The amount of yellow on the underparts, the shade of olive on the upperparts, and the colour of the pale border between the mask and crown all vary with geography.

The Common Yellowthroat lives in solitary or in pairs. It is wren like; it skulks in vegetation, climbs vertically on stems, flips it's their tail and droops and flicks its wings.

This bird hops on the ground, gleaning from foliage, twigs and grass. It eats insects, caterpillars and spiders. It sometimes hover-gleans and hawks flying insects.

The nest, built by the female, is made of dried grasses, dried leaves, stems, bark chips, and sedges. It is lined with fine grasses, hair and bark fibers and is found atop small piles of weeds or grass or atop cattails. Sometimes the nest is in small shrubs, less than 1 meter above the ground.

Common Yellowthroats are solitary and often polygamous. Their incubation is 12 days by the female. The young are brooded by the female. They stay in the nest 8 – 10 days. They are fed by both sexes. There are 2 broods per year, more if polygamous.

They are common to abundant in marshes, brushy fields, woodland edges, and second growth brush. They are a common host to the cowbird.

News From Here, There and Anywhere

Reporter Teri Soos

Hello Everyone! It is that time of the month when we catch up on the news from the area. Please feel free to give me a call if you have some news. Our readers that no longer live in the area enjoy hearing about what's going on 'back home'.

The weather has been nice lately but not as hot as I like it. Most people enjoy it a little cooler than I do. This is the time of year when people are busy in the gardens and fields. The farmers are out and about getting their harvest done. A lot of crops are being swathed. The weather has been a little unsettled which always holds up the farm work. The crops look quite good to me and I hope the farmers have a good harvest.

There have been quite a few weather warnings and tornado watches lately. The alerts have been aired on the television. I know the alerts are a good thing but do they need to come every couple of minutes? My sister in Winnipeg has called a number of times to see how we are doing after seeing the weather warnings for our area. Luckily we have not had any terrible storms or tornadoes but some people have had hail.

My garden is not very good but for me that is not unusual. I went to the Fall Fair and saw all the displays of vegetables, flowers, baking & handicrafts. Judging from the displays there are people with good gardens and flowers. The bakers have also been busy as there was a very nice display of baking as well. The evening viewing and presentation of awards is a nice evening out. It would be nice if more people came out for it. Apparently some of the Fall Fair plaques that have been used for many years were full and the committee had to purchase new plaques. Now is the time to get your name on one of the new plaques. Get your ideas ready for next year!

I think some of the entries at the Fall Fair used wild berries from the area. I heard there were lots of saskatoons this year and I bought a pail full. Unfortunately many of the wild berry trees that I remember have been cut down and fields have been cleared of them. It is really too bad because the wild berries are often much tastier than berries bought in the grocery store.

The day after the Fall Fair was a Fall Garden Tour in our area. I was unable to go on the tour but it is very nice that the garden hosts let those on the tour see their garden displays. I think it is a great opportunity to see some nice and interesting gardens.

Heather and Tyler Jordan visited with Philip and Phyllis Thordarson on August 10th. Theresa and Heather visited their parents earlier in July. Theresa has moved to Fredonia, New York to begin her studies for her Masters in Piano at New York State University. Her mother, Phyllis, drove down with her and then flew back. Beth Mortiz (Arksey) was also in the area visiting recently. Beth is the daughter of Frank Arksey. I heard that Velma Vereb was home for a week or so. She was getting some of her things ready for an auction. She has moved to Saskatoon to be closer to her daughter. She has a lovely place in one of the seniors' homes there. Julia Kelemen has moved to an assisted living seniors home in MacGregor. We wish you much happiness in your new home. I understand that Bobbie Zaryski will be moving into Julia's suite and someone new will be moving into Bobbie's suite.

There are some lovely apple trees in the yard of the seniors apartments. I am always able to get my fill of crabapples because they are not used by the tenants very much. They were very nice this year. I have a special way of cooking them and really enjoy being able to get as many as I need.

School will be starting soon. For those returning to school, enjoy the last few days of summer. I hope the students enjoy the new things that they will be working at this year. To the teachers we hope you have a good year as well.

Phyllis Thordarson celebrated a very special birthday on July 4th. I don't want to tell what age she is but it starts with "6" and ends with "0". She shared this birthday with her triplet sisters, Janice Jones from Texas and Gayle MacAulay from Winnipeg. The celebration took place at Philip and Phyllis Thordarson's farm. Their daughter Theresa from Winnipeg was there as were Gayle's husband Kevin and daughter Mary. Janice's presence at the party was a huge surprise. Let us wish them and anyone else who had a birthday or anniversary lately, many happy returns of the day. We wish you good health and happiness through the years.

News From Here, There .. con't

Some people have not been feeling well recently. In fact our nurse practitioner that works at the Mobile Clinic has been away due to surgery. The Mobile Clinic will return to Langruth on September 19th. I also heard that Doris Sigurdson is having health troubles. We wish her and anyone else who is under the weather renewed health and we hope that you will be back on your feet before too long.

We send out deepest sympathies to those that have lost family members recently. The Arnason family has recently lost Nancy Cummer. I wasn't aware that Harry Cummer had passed away in February of 2015. To the families of Harry and Nancy Cummer, we hope that memories of happier times will help you along the way. I recently heard of the passing of Melvin Johnson. He was living in Calgary. I spoke to him at the time when his mother passed away but didn't realize that he was ill. His funeral service will be held in Langruth at the Grace Lutheran Church on Saturday, September 3rd. Many will remember Mr. Orville Wagner who also passed away at the Portage Hospital on August 14th. He was a pharmacist at Hargreaves Drug Store for many years. Our deepest sympathies go out to the families and friends of those who have passed.

I would like to extend a warm welcome the new tenants at the newly renovated Legion apartments. We look forward to meeting you. We also welcome the Palmer family who moved into Richard Callander's place along the highway last fall. Welcome to Langruth. We hope you enjoy our small community.

As we get ready for fall and winter I hope that everyone enjoys the change of seasons and everything goes according to plans. I noticed that are a number of snakes on the highway. Some say that it means we are in store for more warm fall weather. Let's hope it's true.

Bye for now, Teri
