## Fifty and Beyond News

The Langruth Seniors held their November business meeting on November 6<sup>th</sup>. The details will be included in the December issue.

The Senior's Christmas Party will be held on December 14<sup>th</sup>. Tickets are \$20.00/each and will be available from senior's members soon. We hope that as many as possible come out to our Christmas celebration. We do have a lot of fun. If anyone wants to take part in the Christmas Gift Exchange you can bring a small gift (\$10.00 value max.). The gifts don't have to be wrapped but can be labeled for a man or a woman if you like. Some people have been exchanging Christmas cards at our party rather than mailing them all.

The Northwest Meeting was held in Glenella on October 22<sup>nd</sup>. Sadly only Ann Craik was able to attend. Everyone else was either busy or feeling under the weather. At the meeting Ann signed up our club for the Partner Cribbage Event on April 15<sup>th</sup>. We will look forward to that in the spring.

Until next month,  
This is Teri Soos

## Nature Notes

Submitted by Raymond O'Connor

### Black-Crowned Night-Heron

The scientific name of this bird means "Night Raven" and it refers to the nature of the bird, as does the common name of Night-Heron. A stocky bird with short legs and a thick short neck, it prowls freshwater pools, marshes and streams and coastal estuaries across much of North America. In flight the toes often protrude beyond the short tail. Juvenile plumage shows brown above with white spots and streaking, buff-brown below with dark brown spots and streaking. Juveniles have a yellowish bill with a dark tip and greenish yellow legs and feet.

Black-Crowned Night-Herons are primarily nocturnal. They roost in trees by day and actively feed at night. Some feed during daylight hours. They are omnivorous; feeding on whatever is most handy. The diet ranges from fish to mollusks, small rodents, frogs, snakes, crustaceans, plant material, eggs and young birds. They often stand still in water for long periods of time, expertly grabbing fish that swim too close.

The Black-Crowned Night-Heron is monogamous and colonial. The nest is made of sticks, twigs and reeds. It is lined with finer material on or above the ground as high as 46 m. The nest is built by the female with material gathered by the male.

Incubation is 21 - 26 days by both sexes. The first flight is at 42 days. After 49 days the young may follow parents to foraging areas to bed and be fed. There is one brood per year.

The Black-Crowned Night-Heron population is overall stable or increasing. It has benefited from the general protection by the state, federal and conservation agencies. The loss of wetland habitat affects food supply and reproduction.

## News From Here, There and Anywhere

Reporter Teri Soos

Hello again everyone! It is November the 1<sup>st</sup> and time to let you know what's happening in and around Langruth. I was in the hospital in Portage for a meeting and when I left a lady commented on how cool it was out but then reminded me that it was November. From what I hear the next few days will be cold and blustery. At least we don't have the snow that we got at the beginning of October. Hopefully we will have a reasonable winter again where we don't get too much snow. They are predicting cold and lots of snow so I guess we will have to wait and see what type of winter we get.

How did you make out in the big storm over Thanksgiving weekend? It started out with rain and snow which of course did a great deal of damage. I have been told that we haven't had a storm like that at the beginning of October since 1959. I don't think it was as bad as this year. In the town of Langruth we were out of power for two days and two nights. In the country there were a lot of power lines and power poles down. Some people were out of power for 7 or 8 days. My nurse practitioner asked me if I went somewhere while the power was out to stay warm. I actually didn't even think of it. I just huddled down in my house and put on a few more layers of clothes. It did get a little cold at times. I ended up going to bed quite early because it was nice and cozy in my bed. I read awhile by flashlight and candlelight. It was strange not being able to have anything warm to eat. I had to make do with cold cereal and such. I understand that some people had to get generators to keep their refrigerators and freezers cold. It was quite a storm. We certainly lost a number of trees and branches. There is still a lot of cleaning up yet to do. We hope that you all made out ok and the storm will only be a memory in a little while.

The farmers are having quite a time getting the rest of their harvest finished. I've seen a number of combines out trying to salvage as much as possible before winter sets in. People are short of feed for their livestock. Sadly now that it is so wet out they are unable to make any more feed.

## **News From Here, There... con't**

We hope that everyone fares ok this winter.

I hope that everyone got their flu shots at the clinic that was held at the old Municipal Office on October 31<sup>st</sup>. There were quite a few people there while I was there. Hopefully as many as possible got their shot so we don't get too sick this winter. I know that I keep preaching this ever year. It may not ward off the flu completely but you will have a better chance of fighting it than without the flu shot. You can still get a flu shot at a drug store if you missed the clinic.

Halloween has come and gone of course. I'm not quite sure how many came to my house but there were quite a number of them. I was surprised that they were all finished by about 6:30 pm. They did start around 4:15 pm so I guess that was enough time to get around town. They were all very well-mannered children which very nice costumes.

To everyone that goes away for the winter, we hope that you have a good winter and enjoy your days away. We hope you come back to us in good health to enjoy the summer season with us.

On a recent trip to Portage we saw a lot of deer along the ditches and bush. I didn't realize the deer liked the bean crops as much as they do. I think people will have a good hunting season. In Portage there seems to be a great number of geese. There are crops still out for the geese to feed on. Right now the ground is quite soft so the hunters may have a hard time to get around, but I imagine everything will firm up shortly so they can get out to their usual spots.

You might have heard that I was in the hospital for a few days because I had lost quite a bit of blood. I would like to thank anyone that called or checked up on me with my relatives. I spent three days in the hospital but the doctors couldn't really find anything wrong with me. I am feeling better and stronger so hopefully this won't happen again. I have to see the doctor again to find out if they have figured out more.

I have heard that George Foster has been unwell for quite a long time. He is married to Cathy Cornwell-Foster (formerly Cornwell-Brown). To everyone that has been ill or in the hospital we hope that you have a speedy recovery.

This is the season for the flu so we hope you don't come down with it.

We got a letter in the mail telling us that we have to make arrangements to have our own septic tanks cleaned. I'm sad to say that we are getting less and less service from our municipality and are left to do these things on our own. I'm not sure if this is because of changes to the municipal system or if this is just because we live in the out-lying smaller community. I don't think that we should have to make our own arrangements for septic tank cleaning when it is more efficient to have the whole town cleaned at once.

Our Public Washroom, which was specially built for visitors coming through our community, is now closed. This facility seemed to be used morning, noon and night. Now there always seems to be someone stopping all the time only to find the door locked. Some people are now relieving themselves outside the washroom in our beautiful park. Yet for some reason this facility has been closed by the municipality. It is really too bad that so many of these services are being taken away from our community.

I'm not sure how our snow cleaning will go this winter. I know that many residents rely on having their snow cleared. I hope that service continues and is not lost as well. We will have to wait and see. Many of us can't handle all the snow ourselves.

I received word the other day about a birthday party for Blanche McLeod. She grew up here in Langruth and is Rena Arksey's sister. She was 96 in October and the family had a celebration on November 1<sup>st</sup>. She now lives at Lions Manor after spending the summer in Gladstone due to renovations at the Manor. We certainly wish her all the best for the coming year.

I know of two other people who had birthdays in October. Just to let you know, I am still two weeks older than my cousin Ernie no matter what he says. My birthday is in the middle of October and his was on October 31<sup>st</sup>. We hope that anyone else that had a birthday or anniversary in October enjoyed their special day. We hope the coming year will be kind to you also.

I'm sorry to say that I have a number of deaths to report this month. We want to send our

### News From Here, There... con't

sympathy and condolences to anyone who has lost a family member or friend recently. Ron Jackson passed away during the storm over the Thanksgiving weekend. We send sympathies to his sisters, his extended family and friends. Margorie Rhodes also passed away in Gladstone. She had been living in Gladstone and suffered from Alzheimer's disease. Sadly she didn't recognize many people. We also lost Evelynne Callander, the daughter of Charlie and Rita Organ. She was married to Ken Callander. Both Ken and Evelynne are quite well known in many communities. He because of his horse racing and she because she worked in many banks and had such an outgoing spirit. They moved several times so they of course had friends in a number of communities.

In a letter from Margaret Wilson, telling us of her address change and praising our newspaper, she included two obituaries. Doreen Langdon, the wife of Bill Langdon passed away in October. Bill's father was one of the founders of Langruth. Pastor Ingthor Isfeld passed away in July. His first posting in Canada was at Grace Lutheran church. Deepest sympathy to all.

With the time change we hope that everyone is adjusting to the 'new time'. I would be in favor of leaving our clocks on Central Standard Time. Saskatchewan has done that for many years and everything seems to be ok. I heard that B.C. will possibly be doing the same.

The Kinosota Game & Fish Annual Banquet will be coming up on December 7<sup>th</sup>. There is usually a nice rainbow auction and raffle. It is a nice evening to go out to.

There will be a number of Christmas events coming up. Please watch for posters and read the next issue of the Langruth Views for events in our area. Also remember that we will be including Christmas greetings next month. Please submit your greeting so we can spread our Christmas cheer.

Until we talk again, bye for now,  
Teri Soos

## Thank You

Thank-you to everyone who helped us celebrate our birthdays. It was great that so many of our friends and family were able to attend, too bad it wasn't a bit warmer.

Also a big thank-you to Donna, Harald, Diane, Shannon, Jason, Michelle, Jo, Brad and Jordan for all the organizing and prep you did to make the celebration such a great time.

Did you happen to forget your lawn chairs? We have three extras, plus we found one men's leather glove, probably could use it now.

Thanks again everyone, we had a great time, hope you did too.

**David & Sylvia**

## Thank You

The Family of Ron Jackson would like to express our thanks and appreciation for the love and support that was shown to us at the passing of our brother and uncle. There were many friends and neighbors who helped with ensuring that the premise was safe, and cleaning up, to which we are grateful.

Thanks to Ann Craik, Clarke's Funeral Home, the ladies who organized and served the lunch at the Langruth Hall, to all the kind and caring messages given in person, by card and on the Clarke's Funeral Home web site.

You have helped our journey through this time of a sad and unfortunate happening by giving it reality. It takes us to an end of a life with only pictures and memories to sustain us.

## Obituary: Evelynne Callander

Evelynne Callander passed away peacefully at Brandon Regional Hospital on Saturday, October 26, 2019 after a courageous battle with Breast Cancer at the age of 66 years. Left to mourn is her husband Ken of Cromer, MB; children Kareena (Jeff) Zanolli of Lethbridge, AB and Kurtis of Reston, MB; grandchildren Gavin and Grady Zanolli; siblings Sandra (Dave) Falk of Portage, MB and Wayne Organ of Cranbrook, BC. Evelynne is also survived by many brothers/sisters-in-law, nieces and nephews, cousins and their families, as well as many cherished friends. She was predeceased by her parents Charlie in 1994 and Rita in 2008. Evelynne was born on February 8, 1953 to Charlie and Rita Organ. She was the youngest of three siblings. She grew up in Langruth, attending school there before graduating from William Morton Collegiate Institute in Gladstone in 1971. She had a social spirit and cherished time spent and memories made with family and friends through those years. Evelynne married Ken Callander, also from Langruth, on August 12, 1972. Together they raised their two children while creating homes in Winnipeg, Langruth and MacDonald. Later they also followed their careers to Yorkton, SK and Sperling, MB before a final move to Cromer to enjoy retirement. Evelynne built a career in the banking industry, starting with the Royal Bank in Winnipeg. After taking time to raise her young children, she returned to banking in Amaranth, followed by Portage, Yorkton and Winnipeg. She retired in 2014 after 30+ years with Scotiabank. Evelynne was always busy working on home décor and renovation projects. She loved her flower gardens and enjoyed a glass of wine on the deck or around a campfire. She was an avid curling fan and loved to watch figure skating. She also enjoyed

travelling to chuckwagon races, and cheering on her children and grandchildren at sporting events. A memorial service will be held at Canad Inns-Ambassador Room H in Portage la Prairie, 2401 Saskatchewan Avenue West on Friday, November 1 2019 at 3:00 pm with a reception to follow. ## RCMP Report: Man Arrested Near Amaranth

On October 25<sup>th</sup>, at around 8:10 pm, Amaranth RCMP received a call about a dangerous driver on Highway 16 near Highway 50.

The caller told police that she was driving west on Highway 16 when she noticed an eastbound vehicle swerving all over the road. The caller pulled onto the shoulder to avoid the vehicle, then the vehicle came towards her, forcing her into the ditch.

The suspect vehicle then drove to a nearby residence, where he approached the homeowner, pointed a gun in his direction, and then stole his truck.

The suspect then drove the stolen truck into a ditch and got stuck, which prompted him and his passenger to get out and flee on foot.

Amaranth RCMP along with K-9 Unit immediately attended the scene of the armed truck theft and successfully tracked down the driver and the passenger.

Both were arrested, and it was later determined that the passenger was a victim of assault and kidnapping. She was known to the driver.

The 31-year-old male driver was arrested and charged with kidnapping, Robbery with a Firearm, Breaking and Entering, Forcible Confinement, Assault x2, Uttering Threats x2, Dangerous Operation of a Motor Vehicle, Theft, and Mischief.

The suspect remains in custody, and RCMP continue to investigate.
