Langruth Hosts Annual Vacation Bible School

On August 23rd, 24th, and 25th the Annual Vacation Bible School was held in Langruth at the Langruth United Church. After a three-year break due to public health restrictions and other circumstances, it was great to have this program run again in Langruth.

Eleven children enjoyed learning about God and religion with stories, songs, games and crafts. The theme this year was Workshop of Wonders with the lessons focusing on Imagine with God, Build with God, Grow with God, Work with God and Walk with God.

On the final afternoon the children presented their program of music, verses and a play re-enacting The Feeding of 5000.

Thank you to the leaders, Ann Craik, Bobbie Czeranko and Michelle Teichroeb for preparing for and leading the classes. Thank you to all who helped in any way to make this program a success. We look forward to 2023 Vacation Bible School next summer.

The Wily Weeds

Mary McClure

I have this little garden, and
I dig it every day;
I water the pretty flowers
and throw the weeds away.
And yet, tho flowers are very scarce,
Of weeds there is no lack;
For when I'm fast asleep in bed they
all come creeping back!
And this is most annoying, for
as anyone can tell,
they never come back by themselves,
they bring their friends as well!

Nature Notes

Submitted by Raymond O'Connor

Broad Winged Hawk

The smallest of the North American buteos is similar in size to a stocky crow. These birds, which migrate in flocks of thousands, make up the bulk of the hawk flights in September in the East. This peaceful bird is one of the tamest hawks. In flight the tips of the flight feathers appear dark, producing a black border along the trailing edge of the wing, and the under wing linings vary from white to rusty-buff.

This hawk perches to watch for prey from utility poles and wires or near water along edge of woods. It hunts along wooded roads under the tree canopy. It swoops down to grab prey with talons. It preys on amphibians, reptiles, small rodents, shrews, rabbits, some small birds, large insects and insect larvae.

The nest is built of sticks, twigs and dead leaves. It is lined with inner bark strips with lichen, outer bark chips and green leaves. It is usually found in the crotch of a deciduous tree 9 – 15 meters above the ground. Both sexes build the nest in a slow process that takes 3-5 weeks.

The incubation is 28 – 32 days by both sexes, but mostly the female. The young stay in the nest 29 – 35 days and are fed by both sexes. They have 1 brood per year.

Large numbers of the Broad-winged Hawk were once shot during migration, particularly along mountainous ridges in the east. Law now protects them. If you happen to see a chocolate coloured crow that will be a Broad-Winged Hawk.

New Sidewalk at Einarson Park

Source: <https://www.westlake-gladstone.ca/>

During the week of August 8th the sidewalk along Hwy 50 at Einarson Park in Langruth was replaced. It is a great face-lift to the campground and park area.

In June of 2021 the Manitoba government announced the recipients of the Building Sustainable Communities fund. The Municipality of WestLake-Gladstone was successful in receiving a grant for upgrades to Einarson Park and Campground. The Municipality partnered with the Langruth Community Initiatives Development Corporation (LICDC) to make this project happen.

Starting in the fall of 2021, improvements have included landscaping, low-maintenance flower beds, new picnic tables and fire pits, signage, benches and recycling bins. The new sidewalk along the park and campground was also part of the Park and Campground Beautification Project.

Constable Lee Hanneson Receives National Award

Source: <https://www.portageonline.com/>

Constable Jason Towle of Portage la Prairie and Constable Lee Hanneson of Langruth, employed by the Winnipeg Police Service, were recently presented with Canadian Police Association (CPA) Awards of Excellence for their heroic efforts in safely evacuating 10 people from a multi-unit home which was fully engulfed in flames.

On April 29th, 2018 when both Towle and Hanneson were on patrol they noticed smoke in the area. After alerting the Winnipeg Fire Paramedic Service (WFPS), they came upon the multi-unit home. The top floor of the home was fully engulfed in flames. The constables ran into the residence, directing residents from the first two floors out of the house. As a result of their heroic efforts, 10 residents were safely evacuated.

Towle and Hanneson were nominated for this award by the Winnipeg Police Association and were presented the award in Fredericton, New Brunswick, on August 25th.

Lee Hanneson, originally from the Langruth area, is the son of Bill and Phyllis Hanneson. Lee has worked with the Winnipeg Police force for ten years.

News from Here, There and Anywhere

Reporter: Teri Soos

Hello there. I don't have too much news this month. There has been a little rain but we have had mostly hot, dry days. I know that the farmers are into their fall work of combining and haying. I haven't heard if the crops are very good or not. They look good from the roadside. There looks to be enough grass and hay that there should be enough feed for the winter season. I noticed that there is a fair amount of corn for silage.

There have been a few families having birthday parties or anniversary celebrations again. It is nice to hear that people are getting together again. Emily and Ralph Thompson had a nice 70th anniversary party at the beginning of August in their yard. I believe all their family was home for the occasion.

Happy 60th wedding anniversary to Bob and Haraldine Webb. They share an anniversary with Ernie and Lois Wilson on August 4th, who also celebrated 60 years. Both couples were able to have celebrations with their family and friends.

To anyone who celebrated an anniversary we wish them well and hope that life brings them many more years of happiness.

Speaking of celebrating weddings, best wishes to John Blair and Heather Hall on their upcoming wedding day.

To anyone that has lost family or friends in the last while we send out deepest sympathies and hope that happy memories help them through the coming the days. Some may remember Arlene Bucksovich (nee Desjardins) from when she worked in the bank in Langruth in the 1950s. She passed away on August 21st at the age of 80. She loved working in the bank and meeting people from the area. After she married, she and her husband lived in Arden and were an active part of the community.

I have had a few cobs of corn lately. They were quite tasty. I have a tomato plant that had only one tomato on it. It was good but it would have been nice if there had been more. My neighbor's plant only had two tomatoes on it. It seems that most people had a good crop of cucumbers. Hopefully everyone will have enough in their gardens to see them through the winter.

There haven't been many wild berries for the last few years. A lot of the bush has been removed and the weather hasn't been great.

We send get well wishes to anyone that is not feeling well. Emily Thompson recently had a partial hip replacement and is recovering. We hope that Emily and anyone else who has been in the hospital are on the road to a full recovery.

We hope that you were able to visit with family and friends this summer. Philip and Phyllis Thordarson's daughter Heather, who lives in Banff, Alberta visited at the end of May and stayed until the end of June helping out with calving and other farm work. Heather also took part in music programs at Langruth and Plumas schools with her sister Theresa and guitarist John Himes.

Philip and Phyllis were also delighted to have their son Roddy, partner Charlene and granddaughters Adeline and Amelia visit and celebrate family birthdays during the first week of July. A wonderful time was had by all. Roddy returned the last week in August to attend Jeff Cogar's wedding and to help hay and repair machinery. Heather, Roddy, Theresa and John have been a great help on the farm this summer.

Philip's brother Doug, who is a violinist, is coming to visit in September. Philip still enjoys playing the piano so the old farm house will be hopping with music as the brothers get together musically again.

We wish all the school children the best of luck in their school year. I talked with Madison Teichroeb a few times over summer about her plans to attend university in Edmonton. Best of luck to her and anyone else heading off to university or college this fall.

The Langruth Harvest Festival will be back on October 1st. Now that public health restrictions have been lifted the festival can once again include more of the regular activities. We hope that as many as possible will be able to come out. It is a fun day for the whole family.

Soon we will be getting ready for the Christmas season. Hopefully we will see some of our regular traditions return this year.

Please let us know if you have any news. We hope that you all have a great fall season.

Take care,

This is Teri Soos

PAID POLITICAL ANNOUNCEMENT

The views and opinions expressed are solely those of the author and do not necessarily reflect the views of the Langruth Views Community Newspaper or its volunteers.

OCTOBER 26, 2022

VOTE FOR AMY WALDNER -REDEKOPP

The current Council of the Municipality of WestLake-Gladstone publicly congratulated themselves for a four-year term, well served. They boasted about accomplishments such as purchasing new machinery, the upcoming construction of a new swimming pool, not incurring debt to rate-payers, and establishing by-law enforcement. While all admirable, pat-on the back accomplishments, they failed to address the following:

- Conflict of Interest and personal gain of millions of dollars paid to members of Council.
- The forced exposure of severe financial negligence of the theft of half million dollars
- The loss of approximately twenty-five municipal employees over a four-year span
- Most importantly: The loss of trust in elected officials.

My name is Amy Waldner-Redekopp and I am hopeful to have the opportunity to represent the best interests of the residents of the Municipality of WestLake-Gladstone. As a lifelong community member of Gladstone, I understand the unique challenges encountered due to rural living: The importance of well-maintained infrastructure, accessibility to affordable recreational opportunities, housing shortages, and increased economic development.

With 13 years financial experience in municipal and public sector accounting, I guarantee that every penny spent will be accounted for.

With 6 years of municipal experience and the successful completion of the University of Manitoba's Certificate in Manitoba Municipal Administration, I understand municipal legislation, and the requirements needed by a municipality to operate efficiently, effectively, and without conflict by implementing transparency, accountability, and good governance.

Future elected officials must support the following:

- The re-establishment of trust between community members and elected officials by the facilitation of respectful, open communication – your voice matters!!
- Decision making that avoids conflict of interest, and that is ethical, fair, and just.
- Repairing our Municipality's damaged reputation caused by four years of dysfunctional leadership.
- Keep it simple – Remember what worked, remember what didn't, and know when it's time to try something new.

RIGHT REASON. RIGHT PERSON. RIGHT TIME.

Meet The Teachers

Mrs. Jessica Kunzelman

My name is Jessica Kunzelman (she/her) and I'm so excited to be your class teacher this year! This will be my 4th year teaching. I have a wonderful partner, Alex, a dog named Steve and a cat names Thumbs. I love traveling, photography, and helping on the farm. I'm really looking forward to getting to know you and watching you learn. This year is going to be awesome.

Miss Paige Linski

Hi my name is Miss Paige Linski and I am the Grade 2/3 teacher for the 2022-2023 school year. I will be teaching Math, Art, Social Studies, Science and Language Arts.

This is my first year teaching in Pine Creek School Division and I am really looking forward to it. Before moving to Neepawa I taught in Border Land School Division and Manitoba First Nations School System.

I am excited for this new teaching adventure at Langruth Elementary and I am looking forward to meeting all of the students.

Mrs. Eden Battad

Hi everyone, I am Mrs. Eden Battad. This is my 4th year with Pine Creek School Division and my 2nd year teaching at LES. I will be the Grade 4/5 homeroom teacher and will be teaching ELA, Math, Science, Social Studies and Art.

I enjoyed and learned many things during my first year at LES and I am excited to see you for the 2022-2023 school year.

Mrs. Jocelynn Foxon

Hello my name is Mrs. Jocelynn Foxon, I am the home room teacher for the 6-8 classroom. I will be teaching Math, Language Arts, Science and Social Studies.

This is my 8th year with Pine Creek School Division. I have taught on colonies and I was the Numeracy Coach for the last 4 years.

I strongly believe in engaging students in thinking critically to solve relatable problems. Math is my passion and my all-time favorite experience is seeing a student who 'is not good at math' realize that math is a place they can discover, create, and most importantly, be successful! I believe that students should drive their own learning and have fulfilling experiences, so I teach through project based learning.

Mr. Carter Willis

Hello my name is Mr. Carter Willis, I am the K-8 Physical Education teacher for the upcoming year.

This will be my first teaching job! I completed my Bachelor of Physical Education at the University of Manitoba and my Education degree at Brandon University.

I am looking forward to working in Langruth!
