Preparations for the 2023 Season at the Langruth Skating Rink

Volunteers have started working on the ice at the Langruth Skating Rink for the 2023 season!

Volunteers are needed for making ice, maintaining ice, working in the canteen and running programs. Any help that you can offer is greatly appreciated. With the help of volunteers, sports and opportunities for physical activity can continue to be available in the community.

The Langruth Skating Rink typically offers public skating and curling, skating lessons and rec. hockey. Ice-time also is available for rent. Skating and curling is part of the Langruth Elementary School Phys. Ed. Program where all students are given the opportunity to learn to skate and/or curl. A variety of food and beverage items are available at the canteen. The Langruth Skating Rink is typically open during January, February and March, depending on the weather.

Please feel free to contact Tom Teichroeb at 204-445-2319 if you are able to volunteer or help in any way. Thank-you for contributing to the community.

The Gladstone United Church Food Cupboard

An emergency food resource for the Municipality of West-Lake Gladstone.

To access the Food Cupboard leave a message at the Gladstone United Church at 204-385-2719.

Nonperishable food donations can be left at the Langruth Post Office.

Coming into the weeks before Christmas...

Walk at little slower.

Talk a little kinder (to yourself too).

Be a little softer.

Love a little harder.

Inhale the hope.

Look out for the quiet miracles.

Leave any drama.

Let go a little more.

S.C. Lourie

Christmas Greetings

May God bless you at Christmas with a happiness that will stay and brighten every hour of every coming day.

Merry Christmas!

Jim and Marcia Rinn

May God bless you at Christmas with a happiness that will stay and brighten every hour of every coming day.

Ernie and Marsha Soos

Wishing you Peace, Happiness and every Joy for Christmas and the New Year.

Harry Lazor

Wishing you a Christmas filled with bright moments and fond memories.

Marion Huyber, Gladstone

May the spirit of the Christ child fill your homes with hope, happiness, peace, joy and love this Christmas season and throughout the New Year.

Joe and Lydia Johnson

Sincere and friendly wishes for the Christmas Season and a New Year full of joyful hours, pleasant memories and much happiness.

David and Sylvia Huyber

May God bless you at Christmas with a happiness that will stay and brighten every hour of every coming day.

Ernie & Lois Wilson

From our house to your house, Merry Christmas and Happy New Year.

The Jonasson Family

May the spirit of the Christ child fill your homes with hope, happiness, peace, joy and love this Christmas season and throughout the New Year.

Philip and Phyllis Thordarson

Sending wishes of Hope, Peace, Joy and Love this Christmas.

**Michelle & Tom Teichroeb
Madison & Regan**

Nature Notes

From Raymond O'Connor

Burrowing Owl

This long-legged, short-tailed little owl inhabits grassland and prairies, but can also be found in similar habitats near humans such as golf courses and airports. In the west the Burrowing Owl is often associated with prairie dog towns, and the historical poisoning of the prairie dogs also brought declines in the owl populations.

The Burrowing Owl is terrestrial; it lives most often on the land. This owl is primarily nocturnal and crepuscular. It perches on the ground, fence posts, utility wires, rocks, or mounds near the burrow during the day. It inhabits open country where it feeds primarily on small mammals and large insects, some of which it catches in flight.

The owl uses an abandoned burrow for its nest and daytime roost, usually after some additional digging to enlarge and reshape it. The nest is lined with cow manure, horse dung, food debris, dry grass weeds, pellets and feathers. It is built by both sexes but the male does more. The Burrowing Owl will also nest in artificial man-made burrows.

Incubation is 21-30 days by the female. The young remain in the nest for 28 days and are fed by both sexes. One to two broods are produced per year. If the young are disturbed in the nest they will give an alarm that mimics the buzzing of a rattlesnake.

The Burrowing Owl is endangered or threatened over much of its range. The population is declining because of prairie dog and ground squirrel poison-control programs and habitat loss. Many are killed by automobiles. Some attempts at management are being made due to declining local populations.

Fifty and Beyond News

Reporter: Margaret Whiteley

The Langruth Seniors held a business meeting on November 2nd, 2022. Harry Lazor called the meeting to order at 2:00 pm with 5 people present.

Last month's minutes were read and adopted by Margaret Whiteley, seconded by Ann Craik.

The Cheer Report was given by Ann Craik. One birthday card was sent out during the month.

Notice of the Remembrance Day Service at Langruth Elementary School was received. The service was on November 9th at 1:30 pm.

The application for a raffle license was handed in at the Municipal office in Gladstone. Hamper tickets will be drawn at the Christmas Dinner. Tickets are \$2.00/each or 3/\$5.00. Christmas Dinner tickets are \$20.00/each.

The clocks changed back in the wee hours of Saturday, November 6, 2022.

The Partner Cribbage Tournament will be held on April 12th, 2023. Please phone Margaret Whiteley to enter. The fee is \$2.00/person. Lunch will be \$7.00/each for soup, sandwich, dessert and tea or coffee. Prizes will be given.

Margaret was to discuss the Christmas Dinner with Teresa, the caterer. Ann was to make 'treats' for the Christmas Dinner evening.

Lydia Johnson adjourned the meeting at 3:00 pm. Seconded by Joey Johnson.

News from Here, There and Anywhere

Reporter: Teri Soos

Hello there. December is upon us and I'm sure everyone is starting to think about their Christmas plans. We hope that you are able to visit with friends and family this year. Dare I say it might be a normal Christmas season.

The weather certainly has been up and down. The cold snap last week sure felt cold after the previous week of quite warm temperatures. At the moment there isn't a great deal of snow but I think there is some on the way. I wouldn't mind if the snow passed us by.

Don't forget that the Tree Lighting has been rescheduled to be on December 9th. The weather on the original date, December 2nd, was too cold and windy to have it. Hopefully the weather will be better so everyone can enjoy the carols, bonfire and fireworks. Hot chocolate and cookies will be served afterwards. It is always a fun night to get into the Christmas spirit.

The Langruth Seniors had their Christmas Dinner on December 3rd. I heard that there were about 26 people in attendance from the Langruth area and neighboring communities. I'm sure they enjoyed the visit and spread their Christmas cheer.

The Kinosota Game and Fish annual banquet will be on December 10th. I'm sure everyone will be happy to have this event in our community again. I'm curious as to who will win the awards.

Best wishes to anyone that celebrated a birthday or an anniversary lately. We hope that your day was special.

Unfortunately I have quite list of people that have passed away recently. Last month we mentioned the passing of Eddie Lasson. He passed away on October 31st at the age of 81 years. A celebration of life service was held on November 7th. A private family interment will take place at Langruth Cemetery in the spring. We heard that Ralph Jonasson passed away on November 25th. He was 77 years old. Ralph grew up in the Big Point area. He was the brother of Ted Jonasson. Ralph taught Science at MacGregor Collegiate for many years. I heard from Marsha Soos that her sister-in-law,

Catherine Soos, passed away on October 7th. She was Marsha's brother Ernie's wife. They lived in Edmonton. Marsha also let me know that her cousin Florida Grace passed away. She was living in Winnipeg. We send sympathies to the family of Joseph Stropko on his passing on October 28th at the age of 84 years. Joseph went to school in Langruth and then moved to Winnipeg. He worked in the battery factory for many years. He used to come out in the summers to visit with friends from the area. We send our deepest sympathy to these families and anyone else who has lost family or friends recently. We hope that your happy memories help you through the coming days.

Get well wishes to anyone that is feeling under the weather lately. I heard that quite a few people in the area have had the stomach flu lately. I also heard that Raymond O'Connor was dealing with some health issues lately. We hope that you are all on the mend.

Best wishes to Jim Magnusson who recently moved to Portage. We hope he is enjoying his new home.

We hope that you all have a wonderful Christmas season and are able to take in some concerts and celebrations. Good wishes to everyone that works on the Langruth Views newspaper and everyone that reads it. Thank-you to everyone who reads my column and writes to me or calls me. I enjoy hearing from you.

Merry Christmas and Happy New Year.

This is Teri Soos.

Topigs Norsvin to Open New Nucleus Barn Near Plumas

*Reprinted From: Alexis Stockford, Manitoba Cooperator,
October 12, 2022*

<https://www.manitobacooperator.ca/livestock/topigs-norsvin-to-open-new-nucleus-barn/>

The gene pool for purebred hogs in Manitoba is about to get a little deeper.

In October, construction entered its final phase at Innova Canada, the latest Manitoba site for global hog genetics company Topigs Norsvin. The facility north of Plumas will be a new breeding and gestation nucleus site for the company.

Cam McGavin, general manager of Topigs Norsvin Canada, says the facility is a follow up move to the company's research centre, Delta Canada, which opened its doors near Woodlands, Man., in 2018.

"To hit the numbers that are part of our genetic blueprint, we needed to add more sows," McGavin said. Of thousands of piglets born at Topigs Norsvin nucleus sites, only 60 make the cut for the company's artificial insemination genetic trade.

The Manitoba Pork Council said it welcomed the expansion, with chair Rick Prejet linking it to the "sector's commitment to sustainable growth."

He said the facility will bring 25 jobs and more than \$30 million in investments to the area.

"Our hog sector is a key contributor to Manitoba's economy and enhances the lives of all Manitobans," said Prejet.

About 1,600 sows from the company's Z-line of a large white pig breed will be housed at the site. The breed is a line targeted for litter size, number of piglets weaned, longevity and maternal behaviour, according to Topigs Norsvin.

The site will feed into the domestic supply of genetics as well as the company's global trade in boar semen, company representatives said during an open house Sept. 21.

Topigs Norsvin Canada "is focused on Canada," McGavin said. "That's what we take care of. That's our primary responsibility, but we're also the nucleus for the world on two specific lines, the Z-line and the Tempo." The company markets TN Tempo boars on the basis

of natural resilience to disease and feed challenges, growth rates and barn efficiency.

The new facility integrates new technologies with a sow population boost, according to McGavin, adding that the site north of Plumas was chosen in part for its biosecurity. The next nearest pig operation is more than 10 km away.

The barn will include a three-way load-out system. A separate holding area will isolate animals bound for shipment and prevent staff entry back into the barn after doors are closed.

Staff will have to shower before entering the loadout zone and will use a separate entrance. Truck drivers will also have a separate entrance and space to change clothes and footwear and will otherwise only be allowed on the trailer. Loadout areas will then be cleaned and disinfected.

Promotional materials published by the company said ultraviolet decontamination will be used for any small objects entering the barn. Other materials will be fumigated for two days before barn entry.

The facility will mark a switch to free farrowing. Topigs Norsvin has turned to Dutch company Vereijken for the site's gestation housing. The firm's Pro Dromi Liberté system allows pens to switch from confining sows for farrowing to free sow movement with older piglets.

The same system has been marketed for its automatic movable flooring, which rises and lowers when the sow stands or lies down and, according to the company's website, reduces crushing mortalities by 80 per cent. It also includes a microclimate "nanny" nest with a waterbed floor designed to draw piglets to its greater heat after drinking to further reduce crushing risk.

Two such farrowing pens have been installed at a Topigs Norsvin nucleus site as a test run.

"Two's not a lot, but two will help them understand when to open (the pens), temperatures to run inside the nannies, for instance, just the overall nuances from a sow's point of view being in that environment."

The first sows are expected to arrive at Innova Canada in February, McGavin said.

Obituary: Ralph Jonasson 1945 –2022

The family sadly announces the passing of our beloved husband, Dad and Afi at Fairview Personal Care Home in Brandon, Manitoba on Friday November 25th, 2022. He was 77 years young.

Ralph was born in Winnipeg on March 16th, 1945 and was raised on a farm in Big Point District. He went to a one room school, Big Point School, for Grades 1 to 8 and for Grades 9 -12 he went to Langruth High School. He married Margaret (Soos) on December 29th, 1962 and they were one month shy of celebrating 60 years together.

Ralph took his teacher's training at "Normal" School in Winnipeg, along with his Bachelors of Education and Science. He taught at various schools in Winnipeg and within the Pine Creek School Division until the fall of 1969 when he started at MacGregor Collegiate as a Science teacher. He was involved in the sports at the schools along with his children's sport's teams. He enjoyed the time spent helping out in a variety of roles in MacGregor from beekeeping in the summers, teaching Driver's Ed, to being an attendant on the ambulance and volunteering with seniors groups.

He is lovingly survived by his wife, Margaret and his children, Lawrence, Ryan (Mary), Jennifer, and their families. His family was most important to him. His grandchildren and great grandchildren were his pride and joy.

Ralph will be missed by all whose path he crossed with memories that live on forever in their hearts.

The family would like to thank the staff at Fairview Personal Care Home for the kindness and compassion they showed Dad over the past 4 years.

The family wishes to celebrate Ralph's passing in private.

If family or friends so desire, donations in the memory of Ralph may be made to Canadian

Mental Health Association at www.cmha.ca or Westman Region of CMHA 1233 Rosser Avenue Brandon, MB R7A 0M1 or a charity of one's choice.

Family and friends are welcome to leave a condolence message or just say "Hello" on the Brockie Donovan Tribute wall or share a story/photo directly to jonasson07@gmail.com

Suspect Arrested After Causing a Disturbance in Langruth

Written by Michael Blume Friday, Nov 25 2022
<https://www.portageonline.com/>

On November 20th, 2022 a report of an intoxicated man came into the Amaranth RCMP detachment at 2:29 p.m.

The suspect was causing a disturbance and kicked in a door at a residence in Langruth. The man fled and police were given his name. He was found at another address in Langruth and was arrested without incident. The 31-year-old man from Long Plain First Nation faces charges of Break and Enter, Assault and Mischief Under \$5000.00.

The suspect was released when sober and is to appear in court at a later date. No one was injured in the incident.
