## Local Treasures: Hollywood Beach

Hollywood Beach is located northeast of Langruth along the shores of Lake Manitoba and is one of the areas local treasures. The scenery and birdlife make it a great place to go and enjoy the peace and tranquility of the lake. The shallow water makes it a great place for younger children to play in the water and on the sand.

In 1967 Hollywood Beach was a Municipal Centennial Project and at one time was a popular summer spot for local residents and visitors to the area.

Hollywood Beach has changed over the years but remains one of the areas local treasures. If you haven't been there for a while or if you have never visited Hollywood Beach come and explore Lake Manitoba at Hollywood Beach.

## Fifty and Beyond News

The Langruth Fifty and Beyond Club held its monthly business meeting on July 2<sup>nd</sup> with 10 members present. We didn't have a great deal to discuss this time around as it is summer. During the last month we had six birthdays. Cards were sent to all of them.

We haven't heard anything official from the municipality regarding the use of the club rooms but according to the reeve, who was at our last supper, we should continue to use the club rooms as we have in the past until the municipality makes some decisions. So it is business as usual until we hear different.

We also discussed day trips that we would still like to take this summer. Harry will be talking to Murray Johanson about touring his museum and to people from Alonsa about the Alonsa Museum. We have been to Alonsa before but apparently they have added to it. If people are interested it's not too far and we will most likely see things that once belonged to people we know and things from the 'old days' that we may have forgotten. Harry will report to us at our next meeting and then we will decide where and when to go.

As you know, we don't have our monthly suppers in July and August so we didn't have a menu to plan this month. We spent the rest of the afternoon visiting.

People of course have a lot of activities - family reunions, weddings, birthdays, anniversaries and just plain vacationing, during the summer to take in. I'm sure everyone has been busy this month with family and friends in the area.

We want to send out our heartiest congratulations to anyone celebrating a birthday, or anniversary this month. We also would like to remember anyone in the area that is feeling under the weather. We wish them a speedy recovery.

On behalf of the Seniors in Langruth we hope that everyone has a good summer and good times with their family and friends. It has turned a little cool on us again but I have been told that August is supposed to be warm. I happen to like the hot weather.

See you next time,  
Teri

## Who's Who?

The **June 2013** Who's Who Photo, submitted by Betty Oswald, featured students at the Langruth Coronation School in 1953. There were a lot of faces in this picture and some were not easy to recognize. Frank Lasson has worked hard at identifying not only the school and the year but most of the students as well. Great job Frank!

Although it is difficult to see the individual rows, here is Frank's list of students;

**Front L-R:** Marsha Soos, Mary Soos, Sharon Hyndman, Sandra Gunn, Sandra Johnson, Margaret Soos, Janice Valdimarson, \_\_\_\_\_, Poulton, Amy Russell, Elaine Rose, Richard Hirsekorn, Gloria Huyber, Ronnie Huyber, Judy Bergthorson, Philip Thordarson, Joey Johnson, Sandra Organ, Jerry Trelenberg, Nan Thorgrimson, Linda Polson, Bobby Poulton, Mary Harris, Graham Kinley, Victor Poulton, Vicki Tomasson, Clair Hanneson, Blair Commell, Diane Trelenberg, Shirley Hanneson, Joan Einarson

In July we had another look at a group of young people in front of what looks to be the Langruth Coronation School. The year is thought to be 1958. Good luck in identifying these students. Answers will be in a future issue.

The **August 2013** Who's Who? Photo can be found on Page 11 of this issue. Check it out! If anyone has a picture they would like printed, please forward a copy to the Langruth Views.

## Portage Evangelical Church Mission Trip

By Bronwyn and Kaitlyn Evans

During spring break, Portage Evangelical Church sent a team of 37 people, by bus, to El Paso, Texas, on a 10 day mission trip.

We went to El Paso, Texas to build a play structure for a Church and to connect with the people there. We met some hard-working people who were passionate about Christ, and we faced some challenges along the way.

Upon our arrival, we were greeted by Pastor Jeremy, his wife Tara, Rosemary, Robin, and Zac. They were our leaders, drivers, cooks, and friends for the week. We also had the privilege of meeting Pastor Roberto, the Pastor of El Sembrador Church, and his wife. Pastor Roberto is a man with a strong faith. He told us how the Lord provided him with a building for his church, and that he had been praying for many years that God would send him a team to help him at his church. In that time period he had seen many mission teams, but none of them stopped in El Paso. They all just went right through into Mexico. Then God answered his prayer this year by sending our team to help him. The whole time we were there he was smiling and praising God.

In addition to building the play structure at El Sembrador, we also painted the nursery, sanctuary, and the foyer; built a patio, fixed some wiring; and fixed cracks in the walls. The ladies on the team all went to Teen Challenge one morning, while the men did work around Grandview Baptist Church, where we were staying. Some of us also had the opportunity to go and speak at the Youth for Christ clubs in the high schools.

We saw a lot of God, as he helped us overcome different challenges we faced on the trip. He kept us safe as we drove through a snowstorm on the way down, and gave us the patience and love we needed in order to get along with each other, on our two day bus journey and while living in such close quarters in the church (all the ladies slept in bunk beds in one room and the men slept on mattresses on the floor in another room). The Lord also kept us calm when all of our leaders left us at El Sembrador, without

directions on how to get back to Grandview! Even though we were not supposed to have cell phones with us (because the leaders didn't want it to take away from our time with God, and our interaction with each other), God must have known we were going to need one, as one of the ladies on the team had forgotten to leave hers at the church. This proved to be very handy, as we used it to get directions on Google Maps, and we made it back safely.

Everyone on our team grew in their faith through the challenges we faced, the people we met, the work we did, and even just by talking and working with people on our own team. Our theme verse for the trip was; *Silver or gold I do not have, but what I do have I will give to you.* Acts 3:6

## Nature Notes

From Raymond O'Connor

### Whip-Poor-Will

The Whip-Poor-Will is best located and identified by its distinctive calls. It is nearly impossible to see because it tends to sit on the ground or lengthwise on a branch. Its pattern closely matches the leaf litter of the wood lots it frequents. "Whips" have rounded wings that when folded do not reach to the tip of the tail. Males are similar to females but the throat is bordered with white and the tail has large white patches.

Incubating or perched birds often allow a close approach. They fly close to the ground at night and catch large flying insects, especially medium to large moths. Their large eyes, like those of other creatures active at night, reflect light with a red eye-shine. In rural areas, birds often sit along dirt or gravel roads in the open at night.

The Whip-Poor-Will lays its eggs on the flat ground on a leaf litter. Incubation is 19-20 days by the female. Semiprecocial young stay in the nest for 20 days. They are fed by both sexes. They have 1-2 broods per year.

The population has declined in the east in recent decades because of habitat loss caused by forest fragmentation and development.

## *Many Thanks*

I would like to send out a very heartfelt 'Thank-you' to my wonderful family, all my relatives and friends who arranged, planned, cooked and brought food and came any distance to attend my 80<sup>th</sup> Birthday Party.

Thank-you also for the gifts, cards and good wishes.

It was such a beautiful thing that you all did.

My most humble and sincere thanks for making it such a memorable occasion.

*Lil Olson*

## **News From Here, There and Anywhere**

*Reporter Teri Soos*

Hello everyone. I heard we had a bear in a tree in town. There have been several sightings of bears in the area lately. Apparently we are now in bear country. Normally they are not dangerous but if you get between them and their cubs or their food I presume they can be a little bit vicious. Be on the lookout for them. I have not as yet seen one but I hope I do someday.

I sure enjoyed the hot weather in July but it didn't last long enough. I didn't think that it was that uncomfortable though there may have been some people who did suffer a little bit from the heat. On the whole even the evenings were not all that bad and people could still get their rest. I was not happy with the new forecast, at least the forecast last week when they were predicting frost near the middle of July. I have heard that August is supposed to be back to the warm weather again.

I must say that for the first time that I can remember I have a tomato ripening in July. I have to admit that I planted the plants with tomatoes on them but I will have a ripe tomato before the end of July. It sure is nice to be able to go out and pick your own vegetables whenever you want and not have to go to the store to get them. We have had a couple of nice rains, not as

big as some of the rains that others are getting. For now we will take it because it seems to be good for the gardens.

Ann Craik has returned from a trip to Hawaii that she took with a club she belongs to in Winnipeg. I am anxious to hear what the weather is like there. I know they have a lot of rain and humidity and it is always lush and green. I am curious to hear about the differences between here and Hawaii. I'm sure she had a good time.

There have been quite a number of interesting things happening in our area. I hear that a lovely party was held for Lil Olson on her 80<sup>th</sup> birthday. All her family was home. Her daughters from Saskatchewan and Alberta were here with some of their families and of course her family and friends from this area celebrated with her. I hear that it was somewhat of a surprise although Lil told me she did have an inkling that something was going. She was surprised at her home. There were a lot of people there and of course there was lots of food. The party was on the Saturday but I think people came and went from Friday night until Sunday night. We wish Lil many happy returns of the day and that the coming years will be just as favourable as the previous years.

A lovely Jack and Jill shower was held at the home of Jim and Maureen Bohm for their son Kevin and his wife-to-be Tanya. The event took place in the yard on a lovely Saturday afternoon and many people attended. The day was quite warm but clouds came up occasionally to reduce the heat and people had a very enjoyable time. We wish them health and happiness in the future.

There was also a family reunion for the Arni Johanson family (Rena Arksey's relatives). They gathered here from the 19<sup>th</sup> to the 21<sup>st</sup> of July. People divided their visiting time between Rena's here in Langruth and Morley McLeod's in Portage. During the reunion they also celebrated Rena's sister Blanche McLeod's 90<sup>th</sup> birthday. There were about thirty people present including, Rena Arksey, her son Barry and his fiancé Brenda Currie, and Rena's son Harley and his wife Mary. There was of course Blanche McLeod from Portage and some of her family, including Morley and Laura McLeod, their son Ian and wife Heather and small daughter Adalee from Northern

## News From Here... con't

Alberta. Sigrid McLeod from The Pas, Cheryl McLeod from Sylvan Lake, Alberta and Dennis McLeod from Portage were also present. Also attending was Rena's sister Louise Groom, from Winnipeg and her family, Heather, Gayle, and Jim also of Winnipeg. Rena's brothers Tom Johanson from Baltimore Maryland, Francis Johanson from Calgary, and Robert and Fern Johanson from Sorrento B.C. also came for the occasion. Everyone gathered at Rena's on Friday night and then at Morley McLeod's on Saturday night for a barbeque supper. While everyone was here, Ian and Heather had their daughter Adalee baptized here at Grace Lutheran Church. Heather is Brian Eiriksson's daughter. It was nice to have everyone together for all these wonderful events.

I have also heard that we have had a former resident visiting in town. Harold Goodman is from Edmonton now but grew up here with his family. He visited with some old school mates, Art Johnson, Wally Armstrong, Don Smith and others. He also visited Philip and Phyllis Thordarson. It is always nice to have people come back for a visit.

A number of people are attending weddings, anniversaries and other celebrations this summer. Philip and Phyllis Thordarson celebrated their 30<sup>th</sup> anniversary (July 23<sup>rd</sup>) by dining out and taking in a performance of Les Miserables at the Centennial concert hall in Winnipeg. We are sending good wishes to anyone and everyone who is celebrating an occasion this summer.

We also send our good wishes to anyone who isn't feeling well at this time. As some of you may know Paul Oswald had a slight heart attack a short while ago. I must say that he recovered very well. About two days after he was home from the hospital he was around here cutting grass. I was shocked and said to him, 'What are you doing?' In his same old Paul fashion he said, 'Why, I'm cutting your grass.' I thought it was a little soon after coming home from the hospital but it wasn't for Paul. Betty Oswald has been under doctor's care as well so we wish them both well. We also wish Julia Kelemen well. She hasn't been feeling too good these days and has been seeing the doctor. Wally Armstrong is also

under doctor's care and is waiting for surgery. We hope that his surgery is successful and he is back to his old self before too long.

At this time I am very happy to say that I don't have any news of anyone passing on. If there are folks in our area who have friends or family who have passed on we send them our sincere sympathy and hope that memories of happier times will help them through these days.

I hear that we have had visitors from British Columbia in our area. Lorne and Blondene Wilson visited Paul and Betty Oswald and other family for a couple of weeks. Blondene is Betty's sister and Lorne is Ernie Wilson's brother. At the end of their visit they went with Paul and Betty and another of Betty's sisters, Diane and her husband to Saskatchewan for the wedding of Betty's sister Violet's grandchild. I'm sure they all had a lovely reunion of the Trelenberg family.

How has everyone made out with their strawberries and saskatoons this year? I bought a basket of strawberries in Portage and found that they were really quite good. I'm wondering if anyone found any wild saskatoons this year. It sounds like they were quite sparse. The saskatoon farms seem to be doing quite well. In fact I read of one lady that went to pick at a saskatoon farm and commented that she had never seen such big berries. I know the bears and the birds will be missing the wild saskatoons as well. Hopefully there are other things that they like to eat too.

We are having a nice rain right now which some of us in need.. Those that have hay cut will most likely feel different. But as one person mentioned, when do we have a hay season that isn't plagued with rain one day or another?. We have to dodge the bullet and as they say, 'Make hay while the sun shines.'

Hopefully you all will have lots of things in your garden that you will be able to show at the Langruth Fall Fair on August 24<sup>th</sup>. Get your vegetables and baking ready for the fall fair and show off your talents. Hopefully there is a good turnout once again.

Happy holidays to everyone. Enjoy your visits with family and friends.

Talk to you soon, Teri

## Laughter is the Best Medicine!

Two little boys, ages 8 and 10, are excessively mischievous. They are always getting into trouble and their parents know if any mischief occurs in their town, the two boys are probably involved.

The boys' mother heard that a preacher in town had been successful in disciplining children, so she asked if he would speak with her boys.

The preacher agreed, but he asked to see them individually. The mother sent the 8 year old in the morning, with the older boy to see the preacher in the afternoon.

The preacher, a huge man with a deep booming voice, sat the younger boy down and asked him sternly, "Do you know where God is, son?"

The boy's mouth dropped open, but he made no response, sitting there wide-eyed with his mouth hanging open. So the preacher repeated the question in an even sterner tone, "Where is God?!"

Again, the boy made no attempt to answer. The preacher raised his voice even more and shook his finger in the boy's face and bellowed, "WHERE IS GOD?!"

The boy screamed & bolted from the room, ran directly home & dove into his closet, slamming the door behind him. When his older brother found him in the closet, he asked, "What happened?" The younger brother, gasping for breath, replied, "We are in BIG trouble this time!"
